ShopKey®

"With TruckSeries I can quickly find what I'm looking for and get the truck back on the road."

Why choose Mitchell 1's TruckSeries?

It's the only comprehensive repair information software suite of its kind available for Class 4-8 trucks, giving you a one-stop, single log-in, all-makes data resource with scalable wiring diagrams, digital pictures, DTC-to-diagnostics, and so much more — all delivered in seconds.

TractorTrailer & MediumTruck – With our exclusive, best-in-class repair information in TractorTrailer (Class 7-8) and MediumTruck (Class 4-7), you'll find the most complete real-world data for all makes in one place. This helps you speed up repairs, increase the number of repairs your techs can do, and keep trucks rolling through your bays. Now you can stop flipping pages, swapping disks or calling a service line. You'll have automatically updated and enhanced information whenever you want it, including:
• All-makes coverage from 1990 forward
• Full-color, scalable wiring diagrams
• High resolution digital pictures of components, connector views and locations
• Context-sensitive specifications and more
You can choose to activate access to TractorTrailer or MediumTruck separately, or combine your access for the most comprehensive repair information resource available in the industry today.

RepairConnect – Go from trouble code to diagnostics in 30 seconds or less, and dig right into the repair with RepairConnect. Log in, choose your vehicle or enter a VIN, select your DTC and you've got access to our comprehensive diagnostic trouble code procedure information, including:
• Descriptions
• Full-color, scalable wiring diagrams
• Connector views with pin-outs
• High resolution component location photos
• Engine coverage from 2000 forward
• Testing steps & procedures
• Removal & Installation
• Specifications

TruckLabor – Take the guesswork out of writing estimates with the industry's first comprehensive labor time estimating software that provides reliable, standardized mechanical labor times for all makes and models of Class 4-8 trucks. With TruckLabor, you'll find everything you need in a single application to accurately estimate a job, so you can write estimates faster and easier than ever before:
• Standardized labor times
• Coverage from 1990 forward
• Customizable – modify labor rates for different customer types or service operations
• Categories include engine, brake, electrical, HVAC, steering, suspension, transmission, driveline/Axles, accessories and more
